Self-Storage or Mini-Storage Facility per Section 7.6

2) Insert a new Section 7.6 [Self-Storage or Mini-Storage Facilities] to read as follows:

SECTION 7.6 STORAGE FACILITY REGULATIONS

7.6.1 Purpose. The purpose of this section is to assure that self-storage and mini-storage facilities are appropriately sited in Highway Business and Industrial zones, while maintaining the desired character and function of the area. Storage facilities are characterized as industrial uses but have low activity levels that do not add to the vitality of a commercial area. The general and design requirements of this section are intended to allow self-storage facilities to locate where they best serve residents and businesses while not having prominent frontage on major commercial streets.

7.6.2 Special Permit Required. A self-storage or mini-storage facility shall require the issuance of a special permit granted by the Planning Board in compliance with the provisions of this Section and Section 10.3.3 of this Bylaw [Special Permits].

7.6.3 Application Requirements. Application for a special permit for a self-storage or mini-storage facility shall be subject to Environmental Impact and Design Review (EIDR) approval pursuant to Section 7.3 of this Bylaw, which shall be consolidated into a mandatory site plan approval component of the self-storage special permit, and no separate EIDR Approval shall be required. Submittal requirements shall be as required pursuant to Section 7.3.7 with the following additional requirements:
7.6.3.1 Parking plan shall clearly demonstrate a sufficient number of parking spaces for customers and employees, clear vehicular and pedestrian access ways, and appropriate loading and unloading areas.

7.6.3.2 Landscape Planting Plan, shall indicate the species and size of all existing trees, and shall clearly note which trees are proposed for removal. Trees shall be planted along all streets at intervals of approximately every thirty (30) feet.

7.6.3.3 Application shall include a narrative description of all proposed on-site activities and proposed hours of operation.

7.6.3.4 Application shall include an analysis demonstrating how the proposed project serves the needs, services or other interests of Town residents.

7.6.3.5 A Storage Facility Map showing all existing and/or permitted self-storage and mini-storage facilities within a one-mile radius of the project site, whether within Westwood or another community.

7.6.4 General and Design Requirements.

7.6.4.1 Landscaping. In addition to the Screening and Buffer Requirements of Section 6.3, there shall be a minimum landscape area of at least ten feet required along all street frontages with tree plantings approximately every thirty (30) feet.

7.6.4.2 Siting. No self-storage or mini-storage facility shall be located within 200 feet of the right-of-way of any of the following major roads: University Avenue, Station Drive, Blue Hill Drive, Harvard Street, Everett Street, and Providence Highway (Route 1). No such facility shall be located within one mile of another similar facility unless the Planning Board in its sole discretion grants a waiver of this requirement upon finding that there is a clear need and benefit to the Town demonstrated by a market and occupancy analysis including such other nearby facilities.

7.6.4.3 Accessory Uses. Accessory uses such as the sale or rental of moving equipment are permitted as required by Section 4.0 [Use Regulations], subject to all other necessary approvals, and shall be appropriately screened. Living quarters for one caretaker or watchmen may be permitted as an Accessory Use according to the Section 4.3.4.1 provided there are proper provisions for wastewater disposal and at least two dedicated parking spaces.

7.6.4.4 Street Facades. The design and layout of the street side of a proposed facility shall provide a varied and interesting façade. Considerations shall include the building placement, fenestration, roof design, variations in building walls, and other structural elements.

7.6.4.5 Building Design. Storage facilities are permitted only as or within multi-story structures. Buildings shall be designed and situated so that overhead doors and loading areas into such facilities are not visible from any adjacent right-of-way. All individual storage units shall be accessed from the interior of the building.
7.6.4.6 **Building Materials.** The materials for buildings shall be compatible with the desired character of the surrounding area and shall be visually pleasing.

7.6.4.7 **Building Setbacks.** The front, rear and side yard setback requirements regulated in Section 5.2 [Table of Dimensional Requirements] may be reduced by the Planning Board to allow for better design and compatibility with surrounding buildings upon a finding by the Planning Board that the proposed layout is in keeping with the purpose of this section of the bylaw.

7.6.5 **Parking Requirements.** Self-storage and mini-storage facilities may provide fewer parking spaces than required under Section 6.1.2 [Table of Parking Regulations], where in the determination of the Planning Board, the number and configuration of proposed parking spaces are found to be sufficient to meet the needs of the proposed development. Customer parking shall be separate from truck parking and loading and unloading space shall be clearly designated.

7.6.6 **Findings.** In addition to the specific decision findings outlined in Section 10.3.3 of this Bylaw, the Planning Board shall make a determination of each of the following:

- 7.6.6.1 Demonstration of need for town residents and/or businesses.
- 7.6.6.2 Facility located off a primary commercial local road to meet the purpose of this Section 7.6.1.
- 7.6.6.3 Sufficient buffering and screening from nearby uses.
- 7.6.6.4 Consistency with the purpose of this Section 7.6.
- 7.6.6.5 Degree to which the proposal serves job, service or other interests of Town residents.

7.6.7 **Conditions.** In granting a special permit, the Planning Board shall impose reasonable conditions specifically designed to safeguard the surrounding proprieties and Town such as noise controls, limits on hours of operation, landscaping, and/or drainage controls.

1) Amend Section 6.1.6.6 in the parking table to read as follows:

| 6.1.6.6 Self-Storage or Mini-Storage Facility per Section 7.6.5 | Not less than one (1) space for each employee on the largest shift, plus one (1) space per 500 sq. ft. of sales floor area, plus two (2) spaces for any resident manager or caretaker, plus one (1) space per 50 storage units. |

To Whom It May Concern:

I hereby certify the following action taken under Article 29 of the Warrant for the Annual Town Meeting held on May 1, 2017 and adjourned on May 2, 2017

Annual Town Meeting, Article 29. The Finance and Warrant Commission recommended and the Town voted by a 2/3 voice vote in favor declared by the Moderator, to approve certain zoning amendments to the Westwood Zoning Bylaw related to Section 2.0 [Definitions], Section 4.5 [Nonconforming Uses and Structures]:

1) Delete Section 4.5 in its entirety and replace with a new Section 4.5 to read as follows:

4.5 NONCONFORMING USES AND STRUCTURES

4.5.1 Applicability. Nonconforming uses and structures, as defined in Section 2.0 of this Bylaw, may continue. Any alteration of a nonconforming use, or any alteration of a nonconforming structure, shall require authorization in accordance with this section. An alteration of a structure is a modification, structural change, extension, or reconstruction of the structure.

4.5.2 Nonconforming Uses.

4.5.2.1 Permitted Alterations of Nonconforming Uses. A structure that conforms dimensionally to current zoning regulations while its use no longer conforms, can be altered without needing a special permit if the Building Commissioner determines that the proposed alteration falls under any of the following circumstances:

4.5.2.1.1 There is no extension or expansion of the exterior of the structure.

4.5.2.1.2 There is no interior expansion that would intensify the use.

4.5.2.1.3 The alteration is made for the purposes of conforming to the building code for health and safety purposes.

4.5.2.2 Special Permit Required for Alteration to Nonconforming Use. The Board of Appeals may grant a special permit to modify, alter or extend a nonconforming use in accordance with this Section only if it determines that such modification, alteration or extension shall not be substantially more detrimental than the existing nonconforming use to the neighborhood and the town. To be considered insubstantial, the Board
must find that the proposed use reflects the nature and purpose of the prior use, there is no difference in the quality, character or degree of the proposed use, and the proposed use is not different in its effect on the neighborhood.

4.5.3 **Nonconforming Structures.**

4.5.3.1 **Permitted Alterations of Nonconforming Single and Two-Family Residential Structures.** Nonconforming single and two-family residential structures may be altered upon a determination by the Building Commissioner that such proposed alteration does not increase the nonconforming nature of said structure. The following circumstances shall be deemed not to increase the nonconforming nature of said structure and may be permitted as of right:

4.5.3.1.1 Alteration to a structure which complies with all current setbacks, building coverage and building height requirements but is located on a lot with insufficient lot area, where the alteration will still comply with all such current requirements.

4.5.3.1.2 Alteration to a structure which complies with all current setbacks, building coverage and building height requirements but is located on a lot with insufficient lot frontage, where the alteration will still comply with all such current requirements.

4.5.3.1.3 Alteration to a structure which violates one (1) or more required setbacks, where the alteration will now comply with all current setback, yard, building coverage and building height requirements regardless of whether the lot complies with current lot area and lot frontage requirements.

4.5.3.1.4 Alteration to a side or face of a structure which violates a required setback, where the alteration will not increase the setback violation, and will comply with building height restrictions regardless of whether the lot complies with current lot area and lot frontage requirements.

4.5.3.1.5 Alteration to a nonconforming structure which will not increase the footprint of the existing structure provided that existing height restrictions of Section 5.0 of this bylaw shall not be exceeded.

4.5.3.2 **Special Permit Alterations of Nonconforming Structures.** In the event that the Building Commissioner determines that a proposed alteration to a nonconforming structure does not meet the requirements of Section 4.5.3.1, the Board of Appeals may grant a special permit to make alterations to a nonconforming structure in accordance with this Section only if it determines that such alteration does not substantially increase the nonconforming nature of said structure and would not be substantially more detrimental than the existing nonconforming structure to the neighborhood. The following types of alterations to nonconforming
structures may be considered for a special permit by the Board of Appeals:

4.5.3.2.1 Horizontal extension of an exterior wall at or along the same nonconforming distance within a required setback as the existing wall, provided that existing height restrictions shall not be exceeded, regardless of whether the lot complies with current lot area and lot frontage requirements.

4.5.3.2.2 Vertical extension of an existing exterior wall at or along the same or greater distance from a lot line, provided that the structure has a building height of no more than twenty-five (25) feet, if constructed on a lot that does not comply with current lot area and/or lot frontage requirements, or a building height no greater than permitted by this Bylaw if constructed on a lot that complies with current lot area and/or lot frontage requirements.

4.5.3.2.3 Construction of an overhang, porch, portico, or similar decorative feature, which extends no further than four (4) additional feet into a required setback area, provided that the Board of Appeals makes a positive finding that the proposed design element is de minimis in nature and improves the aesthetic quality of the property.

4.5.3.3 Variance Required for New or Expansion of Nonconformity. In the event that the Building Commissioner determines that a proposed alteration to a nonconforming structure increases the nonconformity or results in a new nonconformity and does not meet the requirements of Section 4.5.3.1 nor of Section 4.5.3.2, a variance is required in accordance with Section 10.4 of this Bylaw. If the nonconforming nature of a structure would be increased by the proposed alteration, a variance from Board of Appeals shall be required to allow such alteration. In addition, no nonconforming structure, commercial or residential, shall be altered to accommodate a substantially different use, or to accommodate the same use in a substantially different manner or to a substantially greater extent, unless a variance allowing said alteration is granted by the Board of Appeals.

4.5.3.4 Special Provisions for Reconstruction of Single and Two-Family Structures after Catastrophe or Voluntary Demolition. Any single and two-family nonconforming structure may be reconstructed after a catastrophe or voluntary demolition only in accordance with the following provisions:

4.5.3.4.1 Reconstruction of said premises shall commence within one (1) year after such voluntary demolition, or within two (2) years after such catastrophe, which time period may be extended by the Building Commissioner for good cause.

4.5.3.4.2 The building as reconstructed:

4.5.3.4.2.1 Shall be located on the same footprint as the
original structure, and shall only be as great in volume or area as the original nonconforming structure; or

4.5.3.4.2.2 Shall comply with all current setbacks, and building coverage and height requirements, except that if the lot does not comply with lot, area and frontage requirements, it must comply with a building height limit of twenty-five (25) feet.

4.5.3.4.3 In the event that the proposed reconstruction does not meet the provisions of Section 4.5.3.4.2, a special permit pursuant to Section 4.5.3.2, or a variance pursuant Section 4.5.3.3, as applicable, shall be required from the Board of Appeals for such reconstruction.

4.5.4 Abandonment or Non-use. A nonconforming use or nonconforming structure which has been abandoned, or not used for a period of two (2) years, shall lose its protected status and be subject to all of the provisions of this Bylaw.

4.5.5 Reversion to Nonconformity. No nonconforming use shall, if changed to a conforming use, revert to a nonconforming use.

To Whom It May Concern:

I hereby certify the following action taken under Article 35 of the Warrant for the Annual Town Meeting held on May 1, 2017 and adjourned on May 2, 2017

Annual Town Meeting, Article 35. The Finance and Warrant Commission recommended and the Town voted by a 2/3 voice vote in favor declared by the Moderator to amend the Town of Westwood bylaws by inserting a new Chapter V “Fire Chief” as follows:

§80-27. Duties of the Fire Chief. There shall be a fire department to be under the control of an officer to be known as the Chief of the fire department. S/he shall have charge of extinguishing fires in the town and the protection of life and property in case of fire, medical emergency, or any hazard. S/he shall also act as Forest Warden for the Town. S/he shall purchase subject to the approval of the selectmen and keep in repair all property and apparatus used for and by the fire department. S/he shall have and exercise all the powers and discharge all the duties conferred or imposed by statute upon engineers in towns except as herein provided. Officers and firefighters shall be appointed in accordance with the town charter. The Chief shall have authority in the administration of the department and shall make all rules and regulations for its operation, all in accordance with the terms of the charter. S/he shall report to the Town Administrator and shall annually report to the Town the condition of the department with his/her recommendation thereon. In the expenditure of money, the chief shall be subject to such further limitations as the Board of Selectmen and Town Administrator from time to time prescribe.

§80-28. Qualifications of Fire Chief. The Personnel Board shall draft, and may from time to time amend, a set of qualifications for the selection of a Fire Chief, one of which shall be at least seven years of fire and emergency medical response experience, except that each year of supervisory experience in the rank of Lieutenant or higher shall count for two year.

§80-29. Notice of availability of the position. Prior to making an appointment, the Selectmen shall cause notice of availability of the position to be posted in places in the Town where notices to employees are generally posted, including within the Fire Department, and to be advertised in a newspaper of general circulation in the Town and in such other media as can reasonably be expected to give notice to qualified applicants.

§80-30. Appointments. The appointment shall be made by the Board of Selectmen for a term of not fewer than three (3) no more than five (5) years.

§80-31. Discharge, removal, suspension, lowering of rank or compensation, abolition of the position. Without his/her consent in writing, the Fire Chief shall not be discharged, removed, suspended for a period exceeding five days, lowered in rank or compensation, nor shall the position be abolished except for just cause and for reasons specifically given to him/her in writing by the
Board of Selectmen. At least three days after the Selectmen have given the Fire Chief a written statement of the specific reasons for contemplated action, the Fire Chief shall be given full hearing before them or a Hearing Officer appointed by the Selectmen for the purpose. Within ten days after the hearing, the Fire Chief shall be given a written notice of the decision of the Board of Selectmen stating fully and specifically the reasons therefore.

(a) **Suspension.** A suspension of the Fire Chief for a period not exceeding five days may be made by the Board of Selectmen, only for just cause. Within twenty-four hours of his/her suspension, the Fire Chief shall be given written notice stating the specific reasons for the suspension and informing him/her that s/he may, within forty-eight hours of receipt of written notice, request a hearing before the Board of Selectmen on the question of whether there was just cause for the suspension. Such a hearing will be held within seven days of receipt of written notice by the Fire Chief. Within seven days after the hearing, the Board of Selectmen shall give the Fire Chief written notice of its decision. By majority vote, the Board of Selectmen may find that the suspension was for just cause, or may reduce the number of days of the suspension, or may find that it was without just cause. If this suspension is found to be without just cause, the Fire Chief shall be deemed not to have been suspended and shall be entitled to compensation for the period for which s/he was suspended. If the number of days of the suspension is reduced by the full Board after the hearing, the Fire Chief shall receive compensation based on the number of days restored.

(b) **Public Hearing.** Any hearing under this section shall be public, if requested in writing by the Fire Chief, and s/he shall be allowed to answer the charges against him/her either personally or through counsel.

(c) **Right to arbitration.** Should the Fire Chief be aggrieved by a decision by the Board of Selectmen s/he may, within thirty days following the receipt of such decision, file a written notice of demand for arbitration with the Board of Selectmen and the American Arbitration Association. Within thirty days of receipt of such notice of demand, the Board of Selectmen shall file with the American Arbitration Association a complete copy of all proceedings before them, certified by the Clerk of the Board, and the Board may file any other supplementary documents or statements as may pertain to such matter. The matter shall then be settled by arbitration in the Town of Westwood or within Norfolk County, in accordance with the rules then existing of the American Arbitration Association. Such arbitration shall take place as soon as reasonably possible thereafter. In no event shall such arbitration take place after the date when institution of legal or equitable proceedings based on such aggrieved decision would be barred by applicable statute of limitation.

(d) **Judgment on arbitration.** The decision rendered by the arbitrator shall be final and the judgment then be entered upon in accordance with applicable laws in any court having jurisdiction thereof. In rendering his/her decision, the arbitrator shall consider whether the Board of Selectmen’s decision is:

- In violation of constitutional provisions
- In excess of the authority of the Board of Selectmen
- Based upon an error of fact or law
- Made upon unlawful procedure
- Unsupported by substantial evidence
- Arbitrary or capricious, an abuse of discretion, or otherwise not in accordance with law
If the arbitrator finds that the decision by the Board of Selectmen should be reversed, the Fire Chief shall be reinstated to his/her position without loss of compensation. The decision of the arbitrator shall be final and conclusive.

(e) Delivery of Notice. Any notice required under this section may be delivered by hand to the address shown in the records of the Town. A certificate of the person mailing the notice shall be proof of giving the notice.
