

**WE NEED YOU!**

## **COMPREHENSIVE MASTER PLAN SUBCOMMITTEE MEMBERS**

At a workshop held earlier this month, Town officials with other town board and committee members kicked off the process to update the town's 10 year old Comprehensive Master Plan. A group of enthusiastic residents came together to hear a brief presentation, broke into brainstorming groups then shared ideas to be considered in planning for Westwood's future. Now, the Comprehensive Plan Steering Committee is 'recruiting' to fill six topical sub-committees to continue with this important work.

We need Westwood's best and brightest citizens, **YOU!** to join one of these sub-committees:

- Community Character
- Community Services, Facilities and Recreation
- Housing
- Open Space, Natural and Historical Resources
- Transportation
- Economic Development

Subcommittees will meet on a designated weeknight for a couple of hours, once a month or so.

**please reply!**
