Westwood Residents,

The Islington Fire Station has been professionally cleaned and sanitized and I am happy to report it is now re-opened. I want to thank our members of the Westwood Fire Department for their support and continued professionalism during this time and to wish our firefighters who are ill a speedy recovery.

Also, I thank our Facilities Manager, James McCarthy and his entire team for their continued work to clean and sanitize our town buildings as well as their quick response in getting the Islington Fire Station re-opened in less than 24 hours.

On behalf, of the Select Board and our town employees I would like to take this time to wish your family and friends who may have impacted by this health emergency the very best during this difficult time.

Please remember follow the stay at home order issued by Governor Baker, practice social distancing when you have to leave your home and please follow the face covering guidance from our local Board of Health.

A quick update, from our Board of Health as of April 6, 2020 the Town of Westwood has 21 individuals confirmed with COVID-19 of which 16 individuals were confirmed last week and 7 individuals have completed their quarantine and are showing no symptoms.

By working together Town of Westwood can help slow down the spreading of COVID-19.
